

KLION SOFTWARE – TRIAL VERSION INSTALLATION INSTRUCTION

1. Download and install the software

- Download the installation files from the following link:
<https://www.sisgeo.com/downloads-en/software/category/software-completi.html>
- Un-zip the file and run the set-up.exe file
- The program will create the folder *Klion* in
C:\Users\YOUR_USER\Documents\ or C:\Documents (the names of the folders may change according to your language or operative systems)

2. Request the TRIAL license key

- Send an email to assistance@sisgeo.com with your full name, company name, e-mail address and phone number asking for a trial license
- In a short time our operators will send you the TRIAL license key as a *.txt file (with expiration date)

3. How to use the trial version

- Be sure that the PC is connected to Internet
- Copy the received .txt file (as it is) in the *Klion* folder created in step 1.
- Now you can run the Klion software.

Enjoy!
